

SLCL Summer Research Fellowships -- 2024

These grants (\$2,000 plus \$1,000 research funds) are designed to support summer research by specialized faculty and academic professionals, as part of SLCL's commitment to their professional development.

Three fellows will be chosen for summer 2024 by an ad-hoc committee (combined representation of tenure track and specialized faculty members).

All applicants must have written EO endorsement (see below) to apply.

1. Two-page CV
2. Brief statement of research and work plan (maximum two pages, double-spaced, one-inch margins, 12-point font). Please briefly address how the research benefits you as well as your unit and the School.
3. EO endorsement (Please discuss plans with EO and if he/she agrees, include the sentence "Prof. XXX, Head of XXX, endorses this proposal")

A brief report of activities undertaken with support of the fellowship will be due by June 15th of the summer following the initial period of summer activity. For example, for a summer 2023 fellowship, the activity and financial reports would be due June 15, 2024.

Please send applications to Marcia Bellafiore no later than **April 4, 2024, by 5:00 p.m.**
