Overview of Search Procedures for Specialized Faculty Positions

1. Search Committee Meeting to plan the search
The following outline can be used to start an agenda for the meeting:

☐ Obtain Charge from Executive Officer
☐ Review Office for Access & Equity search documents (each opens in new window):
  – Office for Access & Equity Search Process pdf
  – Interview Questions and Pre-Employment Inquiries
  – Non Discrimination Statement
☐ A WORD ABOUT CONFIDENTIALITY
  • Search process is confidential
  • Maintain confidentiality before, during, and after the search of all candidate information and deliberations.
  • Candidate information should not be shared
  • Finalist information should not be shared
  • Reference checks must be done with guidance from Search Chair/Department Head
  • For searches where there are internal applicants, the search committee must take extra care to NOT discuss any aspects of the search in front of internal applicants. The department must also take care when scheduling interviews to ensure the confidentiality of finalists.

Planning Your Search
☐ Search Process Best Practices
  • Free of bias or stereotyping or applicants in verbal or written communication
  • Strategies to avoid bias: https://www.indeed.com/lead/the-problem-of-unconscious-bias
  • Candidates must be evaluated fairly
  • Search Committee discussions need to focus on the materials submitted (resumes, references, etc), interviews, and comments from individuals that also met with the finalists. Personal information on any applicant must be kept out of the search committee discussions.
  • Campus visit provides similar opportunities for each finalist
  • Interview procedures treat finalists consistently
☐ Your unit will need to document the good faith efforts that were addressed during the search. Please keep a list of conferences attended, organizations contacted, and individuals contacted that are part of your search’s plan to recruit underrepresented demographics. Submission and outcome of these efforts is now part of the search paperwork. Additional information specifically about this paperwork will be sent to units conducting searches. Here are some examples which will help your committee formulate a plan best suited for your search:
  • Reviewed Affirmative Action Placement Goals for Position
  • Reviewed Diversity of Applicant Pool Report
  • Reviewed Diversity of Finalist Pool Report
  • Recruited at professional conferences that target underrepresented professionals
  • Called or sent the position announcement to professional organizations focusing on underrepresented individuals
  • Engaged local and regional networks of people in related fields at corporations/businesses to suggest potential candidates
  • Mailed/emailed vacancy notices to graduate departments, professional journals, and/or newsletters
  • Sent position announcement and/or requested nominations from departments in:
    o Historically Black Colleges and Universities (HBCUs)

- Good faith efforts that are not listed above

Discuss Advertising Sources

Staff contact should provide the Search Chair the list of ad sources to be used for the search (taken from the Search Form). Will sources already identified be effective in soliciting and recruiting a qualified and diverse pool of applicants? Should additional sources be used?

Required Advertising Sources for Specialized Faculty Searches

1. U of I Job Board: Posted automatically by campus.

2. HigherEd Jobs and Affirmative Action Email: Posted automatically by campus and your unit is billed directly.

4. Big Ten Academic Alliance Directory: Unit must review the database. This database provides access to recent PhD graduates in the STEM fields and requires individuals to login to access the information. For access to the BTAA Directory, submit an online request. Go to the site, click “request” and follow steps to get access set up. To begin the review, click the Show filter options, choose filters, then click Search. Search Chair should contact potential candidates (by email) to share the job posting.

5. The Diversifying Higher Education Faculty in Illinois Program: Unit must review the directory. Search Chair should contact potential candidates (by email) to share the job posting.

6. South Regional Education Board DSP Scholar Directory: Unit must review the directory. Search Chair should contact potential candidates (by email) to share the job posting. Login and password available via LAS Faculty Search Info Box folder: https://uofi.box.com/s/q5b9hlco8fdsc4r5582wqz4q6wf3uiim

7. National Professional Journal: If you should hire an international person for the position, you will most likely sponsor him/her for a green card. In order to be prepared for that possibility, please note that at least one ad for the position needs to be posted in a national professional journal, either in print OR electronic ad posted for 30 days. Without an ad you may end up having to re-advertise during the green card process. The Chronicle of Higher Education meets Department of Labor requirements for print or online advertising. Additional Dept of Labor information can be found in the LAS Faculty Search Information BOX folder - PreSearch Info.

Planning for Review of Applicants

Discuss and set the Initial Screening Criteria. Establish criteria BEFORE review of ANY APPLICATIONS. Examples can be found in the LAS Search Committee BOX folder - SF Search Resources.

- Required and preferred qualifications from the ad must be used as the screening criteria
- If a degree area states “or related field” discuss and define what areas are related
- Applicants must meet all required criteria to move forward in the search process

Discuss letters of reference

- Search committee must have a consistent plan concerning letters of reference
Overview of Search Procedures for Specialized Faculty Positions

- All must be in for review of application? (Date may have been specified in the ad)
- All must be in to select applicant for next level of review?
- Other?
  - Whatever plan is selected, the search committee must be consistent for all applicants at each stage of the process.
  - Evaluation of references—strength of letters especially as related to applicant screening criteria
  - Please note—Search Committee members cannot be references for any applicants.
  - The Office for Access & Equity have stated that the hiring official should contact finalists’ current supervisor for a reference (even if not listed as a preferred reference), but the unit needs to let finalists know that this will happen.
  - If references are contacted via phone, the questions and answers from the conversation must be documented and uploaded into HireTouch.
  - Off-list references (from OAE)
    - University practice is to request permission before conducting any off-list checks
    - Off-list checks should follow the same process as any other checks
    - Permission to go “off-list” should be expressly provided by the candidate before references are contacted—Off-List Reference Consent Form
    - Consider carefully the use of unlisted reference—It may affect the individual’s current job
  - Review the LAS Hiring site—Letters of Reference—using HT for collection for information on using HT to collect reference letters. https://las.illinois.edu/faculty/hiring

Discuss late applications

If your ad will remain on jobs.illinois.edu past the advertised deadline date the search committee will need to discuss the following three options:

- Not review any late applications after the deadline. Begin the review of on time and complete applications. If the on time and complete applications do not yield a strong pool, your committee can decide to then look at late applications. See point 2 below for further information on reviewing late applications.
- Review on time and late applications from the beginning of review period. Appoint a member of the search committee to work with the staff member to monitor applications received after the deadline date. Notify the search committee when new (late) applications have been submitted. The committee will need to review all late applications received prior to a decision to make an offer.
- Remove the posting from the job board at midnight of the deadline date. Late applications could not be submitted.

Establish timeline for search process—bring schedules to meeting and hold dates for review meetings and interviews

Begin Discussion of the Interview Process—See section 11 for items to discuss.

2. Committee Review of Applications

Review the Diversity of the Pool Report. This report will be sent to the Search Chair and Diversity Advocate.
Overview of Search Procedures for Specialized Faculty Positions

via email the day after the deadline

☐ Review applications using the established application screening criteria

☐ Keep in mind information from the Office for Access & Equity on reviewing applications:
  • Be mindful of unconscious bias as you review candidates names, experiences, educational institutions, etc.
  • Evaluate each candidate’s entire application; don’t depend too heavily on only one element such as letters of recommendation, or the “prestige” of the degree granting institution or post-doctoral program.
  • Don’t automatically eliminate candidates without preferred qualifications.
  • Be able to defend every decision for eliminating or advancing a candidate.
  • Spend sufficient time (at least 20 minutes) evaluating each applicant.

☐ Discuss if regret emails should be sent to applicants who did not meet mins at this time. It is best to keep applicants informed along the way whenever possible. Regret emails should be sent via HT. See the HT Resources tab- Email Correspondence for instructions.

3. Screening/Phone Interviews (optional)
If the Search Committee conducts screening/phone interviews in order to determine a set of on campus finalists, document the criteria for evaluating these interviews. Please document why applicants involved in the screening/phone interviews were not chosen as on campus finalists. Add this information to the Summary Narrative. Avoid vague statements such as “not a good fit”

4. Selection of Finalists
☐ After on campus finalists are chosen, provide the information below to the Unit Contact so she/he can submit the Finalist Notification Form (FNF) as soon as possible. Finalists can be invited while the FNF is being completed, but we ask that the FNF be fully approved BEFORE any campus visit begins. The form approval page defaults to OAE, but please change the approver to Elli, Amy.

Document and Submit:
☐ Screening criteria for review of applications (code as Application Evaluation Criteria)
☐ Copies of all ads placed (as they appeared in each source; code as Advertisement)
☐ Update Status Codes for all applicants (Instructions on updating applicant status codes can be found via HT Job Aids section of the LAS HR site)
☐ Interview Questions and Review Criteria (we strongly encourage all units to have these two items established early in the process code as Finalist Interview Questions; Finalist Interview Criteria)
☐ A yes/no answer to the following: Did the Search Com and Diversity Advocate review and discuss the Diversity of Pool Report?
☐ If only 1 finalist, please explain
☐ Good Faith Efforts taken during the search (See LAS Search Committee BOX folder- Advertising and Recruitment- for examples of what type of information the Office for Access & Equity is asking for)

Status Codes to choose for applicants:
Overview of Search Procedures for Specialized Faculty Positions

1. Not reviewed (the committee did not review submitted information)
2. Incomplete Application
3. Does Not Meet Minimum Qualifications – Education/Degree
4. Does Not Meet Minimum Qualifications – Experience/Skills
5. Meets Minimum Qualifications – Lacks Preferred Education/Degree
6. Meets Minimum Qualifications – Lacks Preferred Experience/Skills
7. Screening or Phone Interview
8. Finalist and/or On-Campus Interview
9. Withdrew

Discuss if regret emails should be sent to applicants who have not been selected to move forward at this time. If a group of applicants could possibly be considered if the on-campus finalists do not yield a strong pool, it is best to wait to contact them. If there are groups that would not be considered for the position, it is best to contact them at this time. Regret emails should be sent via HT. See the HT Resources tab - Email Correspondence for instructions.

5. Interview Process

Please ensure that the following are established before any interviews begin:

- Interview Review Criteria - used to evaluate each on campus interview
  Interview Review Criteria will normally be based on a more in depth review of the Initial Screening Criteria including items that could not be assessed on paper or reference letters. Examples from various searches in the recent past can be found in the LAS Search Committee BOX folder.

- Basic set of Interview Questions
  Candidates should be asked similar questions, thereby allowing comparative judgments to be made while ensuring that crucial job-related information is obtained. These questions are asked by the search committee to each on campus finalist. Examples from various searches in the recent past can be found in the LAS Search Committee BOX folder. Additional questions such as follow-up questions do not need to be documented.

- Interview schedule
  All interviews should, barring unique circumstances, be conducted under reasonably similar circumstances, and all candidates should be given similar opportunities to meet the same set of colleagues.
  All individuals interviewing the finalists should review the following:
  - Position Announcement
  - Finalist’s Vita
  - Interview Questions and Pre-Employment Inquiries

- Certify the oral English proficiency of non-native English speakers
  State law that requires that the University certify the oral English proficiency of non-native English speakers who have classroom instruction responsibilities. Assessment and certification of oral English proficiency is a long-standing responsibility that is set forth in Provost Communication No. 3. Search committees for faculty hires will need to be aware of this responsibility to assess and certify
Overview of Search Procedures for Specialized Faculty Positions

that individuals recommended for hire into classroom instruction positions are proficient in speaking English. Assessment should occur as part the search process, for instance, through one-on-one interactions, committee interviews, job talks, etc. This review is necessary to ensure compliance with state law and by external audit findings. The University of Illinois is an equal opportunity employer and does not discriminate on the basis of race, color, ethnicity, gender or disability.

Planning an effective interview process includes the following (from OAE):

- Hiring official provides guidance on who will conduct/participate in the interviews (search committee, hiring manager, stakeholders, etc)
- Develop a timeline
- Make candidates feel welcome and comfortable- treat all candidates with respect and remember they are interviewing you as well
- Consider how you will meet the needs of applicants with disabilities- applicants with visual, hearing or other disabilities may not be able to participate effectively in a video conference.
- Be prepared to handle complications caused by travel delays and technical issues
- Conclude the interview by letting finalists know what to expect next

6. Search Committee provides recommendation to Executive Officer

The search chair should write the Summary Narrative outlining the search committee’s recommendation and send to the Executive Officer and Hiring Official (if a different person). The recommendation may end with a ranked list or only include the overview of each finalist. The Executive Officer/Hiring Official should provide guidance on what they expect to receive. The Narrative must include the following:

- Interview Review Criteria
- Basic Interview Questions
- Evaluation of each Finalist
- For each Finalist: name, interview date, visual estimation (based on face-to-face interactions) of: gender, race/ethnicity
- Justification for finalists must include how he/she met or did not meet the following:
  - Application Screening Criteria- qualifications; experience; references, etc.
  - Interview Review Criteria- in depth review of qualifications and experience; etc.

Avoid vague statements such as “not a good fit”
